This Interconnection/Compensation ("Agreement") is effective as of the 1st day of November, 2003 (the "Effective Date"), by and between Horry Telephone Cooperative, Inc. ("HTC") with offices at 3480 Highway 701 North, Conway, SC 29528 and Cellco Partnership d/b/a Verizon Wireless ("VZW") with offices at 180 Washington Valley Road, Bedminster, NJ 07921, on behalf of the FCC CMRS licensees and markets listed in Attachment A.

2. RECITALS

WHEREAS, HTC is an incumbent Local Exchange Carrier in the State of South Carolina;

WHEREAS, VZW is a Commercial Mobile Radio Service provider of two-way mobile communications services operating within the state of South Carolina;

WHEREAS, The Parties acknowledge that HTC is entitled to maintain that it is a rural telephone company (as defined in 47 U.S.C. 153) as provided by 47 U.S.C. 251(f); By entering into this Agreement, HTC is not waiving its right to maintain that it is a rural telephone company and its right to maintain that it is exempt from Section 251(c) under 47 U.S.C. 251 (f) of the Act;

WHEREAS, HTC and VZW exchange calls between their networks and wish to establish Interconnection and Compensation arrangements for these calls;

NOW, THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, HTC and VZW hereby agree as follows:

II. Article II

1. DEFINITIONS

Special meanings are given to common words in the telecommunications industry, and coined words and acronyms are common in the custom and usage in the industry. Words used in this contract are to be understood according to the custom and usage of the telecommunications industry, as an exception to the general rule of contract interpretation that words are to be understood in their ordinary and popular sense. In addition to this rule of interpretation, the following terms used in this Agreement shall have the meanings as specified below:

1.1 "Act" means the Communications Act of 1934, as amended.

1.2 "As Defined in the Act", means as specifically defined by the Act, as may be interpreted from time to time by the FCC, the Commission, South Carolina state courts, or federal courts.

1.3 "As Described in the Act" means as described in or required by the Act, as may be interpreted from time to time by the FCC, the Commission, South Carolina state courts, or federal courts.

1.4 "Affiliate" means a person that (directly or indirectly) owns or controls, is owned or controlled by, or is under common ownership or control with, another person. For purposes of this paragraph, the term "own" means to own an equity interest (or the equivalent thereof) of more than 10 percent. 47 U.S.C. §153(1)

1.5 "Central Office Switch" means a switch used to provide Telecommunications Services, including, but not limited to:

(a) "End Office Switch" is a switch in which the subscriber station loops are terminated for connection to trunks. The subscriber receives terminating, switching, signaling, transmission, and related functions for a defined geographic area by means of an end office switch.

(b) "Remote End Office Switch" is a switch in which the subscriber station loops are terminated. The control equipment providing terminating, switching, signaling, transmission and related functions would reside in a host office. Local switching capabilities may be resident in a remote end office switch.

(c) "Host Office Switch" is a switch with centralized control over the functions of one or more remote end office switches. A host office switch can serve as an end office as well as providing services to other remote end offices requiring terminating, signaling, transmission, and related functions including local switching.

(d) "Tandem Office Switch" is a switching system that establishes trunk-to-trunk connections. Local tandems switch calls from one end office to another within the same geographic area, and access tandems switch traffic from host or end offices to and from an interexchange carrier. A Tandem Office Switch can provide host office or end office switching functions as well as the tandem functions.

A Central Office Switch may also be employed as a combination End Office/Tandem Office Switch.

1.6 "Commercial Mobile Radio Services" or "CMRS" means a radio communication service between mobile stations or receivers and land stations, or by mobile stations communicating among themselves that is provided for profit

and that makes interconnected service available to the public or to such classes of eligible users as to be effectively available to a substantial portion of the public.
47 CFR Section 20

1.7 "Commission" means the South Carolina Public Service Commission.

1.8 "Extended Area Service" or "EAS" is defined as traffic that originates in one exchange and terminates in another exchange, where the originating and terminating exchanges have an arrangement between them such that a separate toll charge is not applied. The terms EAS and EAS Exchanges are as defined and specified in HTC's then current General Subscriber Service Tariff.

1.9 "Effective Date" means the date first above written.

1.10 "FCC" means the Federal Communications Commission.

1.11 "Interconnection" for purposes of this Agreement is the linking of HTC and VZW networks for the exchange of telecommunications traffic described in this Agreement.

1.12 "Interexchange Carrier" or "IXC" means a carrier, other than a CMRS carrier, that provides or carries, directly or indirectly, InterLATA Service or IntraLATA Toll Traffic.

1.13 "InterLATA Service" means telecommunications between a point located in a local access and transport area and a point located outside such area.

1.14 "IntraLATA Toll Traffic," means those station calls that originate and terminate within the same local access transport area and that are carried outside HTC's Local Service Area.

1.15 "Local Exchange Routing Guide" or "LERG" is the Telcordia Technologies reference customarily used to identify NPA-NXX routing and homing information, as well as network element and equipment designation.

1.16 "Local Access and Transport Area" or "LATA" means a contiguous geographic area:

(A) Established before February 8, 1996, by a Bell operating company such that no exchange area includes points within more than 1 metropolitan statistical area, consolidated metropolitan statistical area, or State, except as expressly permitted under the AT&T Consent Decree; or

(B) Established or modified by a Bell operating company after February 8, 1996, and approved by the Commission.

1.17 "Local Service Area" means, for VZW, Major Trading Area Number 6 (Charlotte-Greensboro-Greenville-Raleigh) and for HTC, its local calling areas contained in HTC's then current General Subscriber Service Tariff.

1.18 "Local Traffic" is defined for all purposes under this Agreement as Local Service Area traffic that (a) originates on the network of one Party, (b) may transit a third-party LEC's network pursuant to an agreement between the originating Party and the transiting LEC, in lieu of a direct connection between the Parties, (c) terminates on the network of the other Party, within the same MTA, provided that the customer or roamer of VZW is a two-way CMRS customer and receives mobile service on a wireless, mobile basis as described in 47 U.S.C. §153(27).

For purposes of determining the originating and terminating points for application of Reciprocal Compensation, the origination and termination point for each Party shall be:

(A) HTC: The end office serving the calling or called party,

(B) VZW: The originating or terminating cell site location, which services the calling or called party, at the beginning of the call.

1.19 "Local Exchange Carrier" or "LEC" means any person that is engaged in the provision of telephone exchange service or exchange access. Such term does not include a person insofar as such person is engaged in the provision of a commercial mobile service under section 332(c) of the Act, except to the extent that the Federal Communications Commission finds that such service should be included in the definition of such term. 47 U.S.C. §153(26).

1.20 "Major Trading Area" or "MTA" means the Major Trading Area designated by the FCC.

1.21 "Mobile Station" means a radio-communication station capable of being moved and which ordinarily does move. 47 U.S.C. §153(28)

1.22 "Non-Local Traffic" means all traffic which is not Local Traffic as defined in Section 1.18 hereof and includes IntraLATA Toll Traffic.

1.23 "NPA" or the "Number Plan Area" also referred to as an "area code" refers to the three-digit code which precedes the NXX in a dialing sequence and identifies the general calling area within the North American Numbering Plan scope to which a call is to be routed (i.e., NPA/NXX-XXXX.).

1.24 "NXX" means the three-digit code, which appears as the first three digits of a seven-digit telephone number within a valid NPA or area code.

1.25 "Party" means either HTC or VZW, and "Parties" means HTC and VZW.

1.26 "Rate Center" means the specific geographic point and corresponding geographic area that are associated with one or more particular NPA/NXX Codes that have been assigned to an ILEC for its provision of Exchange Services.

1.27 "Reciprocal Compensation" means an arrangement between two carriers in which each receives the same compensation rate from the other carrier for the transport and termination on each carrier's network of Local Traffic, as defined in Section 1.18 above, that originates on the network facilities of the other carrier. Compensation, regardless of the Party that receives it, is symmetrical.

1.28 "Telecommunications" means the transmission, between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information as sent and received. 47 U.S.C. §153(43)

1.30 "Telecommunications Act" means the Communications Act of 1934, as amended.

1.31 "Telecommunications Carrier" means any provider of telecommunications services, except that such term does not include aggregators of telecommunications services (as defined in 47 U.S.C. Section 226(a)(2)). A Telecommunications Carrier shall be treated as a common carrier under this chapter only to the extent that it is engaged in providing telecommunications services, except that the Federal Communications Commission shall determine whether the provision of fixed and mobile satellite service shall be treated as common carriage. 47 U.S.C. §153(44)

1.32 "Telecommunications Services" means the offering of Telecommunications for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of the facilities used.

1.33 "Termination" means the switching of Local Traffic at the terminating carrier's end office switch, or equivalent facility, and delivery of such traffic to the called Party's premises or mobile handset.

1.34 "Transit Traffic" is traffic that originates from one provider's network; "transits" one or more other provider's network substantially unchanged, and terminates to yet another provider's network.

1.35 "Transport" means the transmission and any necessary tandem switching of Local Traffic subject to Section 251(b)(5) of the Act from the interconnection point between the two carriers to the terminating carrier's end office switch that directly serves the called party, or equivalent facility provided by a carrier other than an incumbent LEC.

1.36 "Type 1 Service" often referred to as a line-side trunk connection, is a service that involves interconnection to a telephone company end office. A Type

1 Service is offered in connection with the provision of telephone numbers hosted by a HTC switch. If available and economically feasible, SS7 functionality will be used.

1.37 "Type 2 Service" often referred to as a trunk side connection, is a service that involves interconnection to a telephone company end office (Type 2-B) or tandem (Type 2-A).

2.0 INTERPRETATION AND CONSTRUCTION

All references to Sections, Exhibits and Schedules shall be deemed to be references to Sections of, and Exhibits and Schedules to, this Agreement unless the context shall otherwise require. The headings of the Sections and the terms are inserted for convenience of reference only and are not intended to be a part of or to affect the meaning of this Agreement. Unless the context shall otherwise require, any reference to any agreement, other instrument or other third party offering, guide or practice, statute, regulation, rule or tariff is for convenience of reference only and is not intended to be a part of or to affect the meaning of a rule or tariff as amended and supplemented from time-to-time (and, in the case of a statute, regulation, rule or tariff, to any successor provision).

3.0 SCOPE

3.1 This Agreement is intended, inter alia, to describe and enable specific Interconnection/Reciprocal Compensation arrangements between the Parties. This Agreement does not obligate either Party to provide arrangements not specifically provided for herein.

3.2 This Agreement sets forth the terms, conditions, and rates under which the Parties agree to interconnect the CMRS network of VZW and the LEC network of HTC for purposes of exchanging Local Service Area traffic, provided that the service provided by VZW to its customer is a two-way mobile service as defined in 47 U.S.C. §153(27). VZW does not currently provide fixed wireless services in HTC's Local Service Area. VZW agrees that it will provide HTC prior notice of its intent to launch fixed wireless services in HTC's Local Service Area. Upon HTC's receipt of such notice, the Parties agree to negotiate an appropriate agreement or an Amendment to this Agreement, which will address the exchange of such traffic.

3.3 This Agreement relates to exchange of traffic between HTC and VZW. VZW represents that it is a CMRS provider of telecommunications services to subscribers in MTA No. 6 (Charlotte-Greensboro-Greenville-Raleigh). Additions or changes to VZW's NPA/NXXs will be as listed in Telcordia's Local Exchange Routing Guide ("LERG") under Operating Company Number ("OCN") 6398.

3.4 This Agreement is limited to traffic of HTC end user customers' traffic for which HTC has tariff authority to carry. HTC's NPA/NXX(s) are listed in the LERG under OCN 0528. This Agreement does not cover traffic of VZW on a one-way mobile basis, sometimes called paging service.

3.5 Any amendment, modification, or supplement to this Agreement must be in writing and signed by an authorized representative of each Party.

3.6 Traffic that is exchanged through an Interexchange Carrier (IXC) is not covered under this Agreement.

4.0 SERVICE AGREEMENT

Description of Arrangements: This Agreement provides for the following interconnection and arrangements between the networks of HTC and VZW. Additional arrangements that may be agreed to in the future will be delineated in Attachment B to this Agreement. Traffic routed to and from an NPA/NXX assigned to VZW shall be treated as Local Service Area traffic and included in any EAS calling scope, or similar program, to the same extent as any other ILEC's NPA/NXX in the same rate center provided that VZW assigns numbers from such NPA/NXX to customers within the Local Service Area of HTC and VZW has network facilities to serve such customers. Routing of traffic shall be as described in this section, except that, alternatives may be employed in the event of emergency or temporary equipment failure.

4.1 Type 2A interconnection at Conway: A type 2A two-way trunk group is provided and provisioned between HTC's Conway Tandem Office Switch and VZW's point of presence in the East Conway exchange, with the POI designated at HTC's Conway Tandem Switch. This trunk group is provisioned in connection with VZW's NPA/NXX(s) rate centered at HTC's East Conway and Loris exchange(s) and EAS exchange(s). VZW's NPA/NXX(s) as listed in the LERG which are rate centered within HTC's exchange(s) will have the homing arrangement designated as HTC's Conway Tandem. Applicable tariff charges for establishing and provisioning this trunk group are billed by HTC to VZW as described in 5.4.5 below.

A. Landline-to-Wireless:

1. Local Service Area calls from HTC customers to VZW customers shall be routed from HTC's Conway Tandem Office Switch to VZW via the two-way direct trunk group.
2. Local Service Area calls from HTC customers in exchanges which have intercompany EAS to VZW's NPA/NXX(s) rate centered at the EAS exchanges shall be routed from HTC's Conway Tandem Office Switch to VZW via the Type 2A direct trunk group.

B. Wireless-to-Landline:

Local Service Area calls originated by VZW's customers within MTA No. 6 (Charlotte-Greensboro-Greenville-Raleigh) or customers of another CMRS provider that has entered into roaming arrangement with VZW, while roaming in MTA No. 6, to HTC customers shall be routed from VZW's network via the two-way direct trunk group to HTC's Conway Tandem Office Switch for termination by HTC to its customers, as appropriate.

4.2 Indirect Traffic to HTC: To the extent that VZW and other area ILECs have entered into or may enter into contractual arrangements for the delivery of VZW traffic to HTC's network (i.e. traffic that is not covered elsewhere in this Agreement) for termination to HTC's customers, HTC will accept this traffic subject to compensation arrangement as outlined in Section 5 below.

4.3 Transit Traffic: The Parties acknowledge and agree that this Agreement is intended to govern the exchange of traffic to and from the Parties' respective networks only. Traffic that is originated on a network of a non-party Telecommunications Carrier ("Non-Party Carrier") and routed to a Party may be delivered to the other Party's network. In addition, traffic that is originated by a customer or roamer of a Party on that Party's network that is routed to the other Party may be delivered to a Non-Party Carrier. If a Non-Party Carrier objects to the delivery of such traffic, then either Party to this Agreement may request direction from the Commission, FCC, South Carolina state courts or federal courts. The transiting Party will continue to perform transiting functions for the other Party pending ruling from the Commission, FCC, South Carolina state courts or federal courts. The Party performing such transiting function will bill, as specified in Section 5.3 below, the originating carrier (other Party or a Non-Party Carrier) the transiting charge. In order for the other Party or a Non-Party Carrier to bill the originating carrier (a Non-Party or other Party) for charges it is obligated to pay, the Party performing the transiting function will provide, subject to availability, total minutes of transiting traffic terminating to the terminating carrier (Non-Party Carrier or the other Party). VZW shall not perform a transiting function pursuant to this Agreement. If VZW desires to perform a transiting function, VZW will request an amendment to this Agreement.

5.0 COMPENSATION

5.1 Traffic Subject to Reciprocal Compensation.

Reciprocal Compensation is applicable for Transport and Termination of Local Traffic as defined in Section 1.18 and is related to the exchange of traffic described in Sections 4.1, 4.2, and in Attachment B, as applicable. For the purposes of billing compensation for Local Traffic, billed minutes will be based

upon actual usage recorded and/or records/reports provided by the transiting or terminating carrier as appropriate. Measured usage begins when the terminating recording switch receives answer supervision from the called end-user and ends when the terminating recording switch receives or sends disconnect (release message) supervision, whichever occurs first. The measured usage is aggregated at the end of the measurement cycle and rounded to a whole minute. Billing for Local Traffic shall be based on the aggregated measured usage less traffic recorded as local that is deemed Non-Local Traffic based on the default factor provided in Section 5.4.3.

The symmetrical rate for Reciprocal Compensation shall be \$0.026 per minute.

The Parties agree to bill each other for Local Traffic as described in this Agreement unless the Local Traffic exchanged between the Parties is balanced and falls within an agreed upon threshold ("Traffic Balance Threshold"). The Parties agree that for purposes of this Agreement, the Traffic Balance Threshold is reached when the Local Traffic exchanged, both directly and indirectly, falls between 55% / 45% in either the wireless-to-landline or landline-to-wireless direction. When the actual usage data for six (6) consecutive months indicates that the Local Traffic exchanged, both directly and indirectly, falls within the Traffic Balance Threshold, then either Party may provide the other Party a written request, along with verifiable information supporting such request, to eliminate billing for Reciprocal Compensation per minute. Upon written consent by the Party receiving the request, which shall not be unreasonably withheld, there will be no billing for Reciprocal Compensation on a going forward basis unless otherwise agreed to in writing by both Parties. The Parties' agreement to eliminate billing for Reciprocal Compensation carries with it the precondition regarding the Traffic Balance Threshold discussed above. As such, the two points have been negotiated as one interrelated term containing specific rates and conditions, which are non-separable for purposes of Section 15, hereof.

5.2 Traffic Subject to Access Charges.

Access charges apply to all Non-Local Traffic originated on VZW's network and delivered to HTC for termination to its customers as described in Sections 4.1, 4.2 and Attachment B, as applicable. VZW shall compensate HTC at HTC's applicable access tariff rates for all VZW-originated Non-Local Traffic only to the extent that such VZW-originated Non-Local Traffic is not handed off to an Interexchange Carrier for delivery to HTC.

5.3 Traffic Subject to Transit Compensation.

Transit Compensation is applicable to Transit Traffic that originates on VZW's network and is routed to HTC for delivery to a Non-Party's telecommunications carrier as described in Section 4.3 above.

The rate for Transiting Compensation shall be \$0.00805 per minute.

5.4 Calculation of Payments and Billing.

- 5.4.1 VZW will compensate HTC for Local and Non-Local Traffic delivered to HTC for termination to its customers, as prescribed and at the rates provided in Sections 5.1, 5.2. VZW will also compensate HTC for Transit Traffic originated by VZW and routed over the two-way direct trunk group for delivery to a Non-Party Carrier as prescribed and at the rate provided in Section 5.3. HTC will compensate VZW for Local Traffic originated by HTC customers on HTC's network and delivered to VZW over the two-way trunk group, for termination to its customers, as prescribed and at the rate provided in Section 5.1.
- 5.4.2 VZW shall prepare a monthly billing statement to HTC, reflecting the calculation of Reciprocal Compensation due VZW. HTC shall prepare a monthly billing statement to VZW, which will separately reflect the calculation of Reciprocal Compensation, Access Compensation, Transit Compensation, and total compensation due HTC. To the extent VZW does not have the capability to record and measure landline to wireless Local Traffic and HTC does not provide VZW with actual measurement, then VZW will bill HTC based on the Traffic Factor referenced in Section 5.4.5.
- 5.4.3 Recognizing that HTC has no way of measuring the Non-Local Traffic, in the event that VZW does not track the usage information required to identify the Non-Local Traffic originated or terminated by HTC, both Parties agree to use a default factor of 0% as an estimate of Non-Local Traffic. The actual recorded usage shall be the basis for billing, when available and verifiable.
- 5.4.4 Each party may request to inspect, during normal business hours, the records which are the basis for any monthly bill issued by the other Party and to request copies thereof provided that the requested records do not exceed 12 months in age from the date the monthly bill containing said record information was issued.
- 5.4.5 Where dedicated interconnection facilities are used for two-way traffic exchange between the Parties, the charges for such facilities, excluding cost of new construction, provided and billed by HTC shall be reduced by an agreed upon percentage representing the estimated or actual percentage of traffic exchanged between the Parties over such facilities that originate on HTC's network by HTC's customers. This percentage is referred to as the Traffic Factor. The Parties agree to review these percentages on a

periodic basis and, if warranted by the actual usage, revise the percentages appropriately.

- | | | |
|----|----------------------|-----|
| a) | Landline-to-Wireless | 25% |
| b) | Wireless-to-Landline | 75% |

6.0 NOTICE OF CHANGES

If a Party contemplates a change in its network, which it believes will materially affect the inter-operability of its network with the other Party, the Party making the change shall provide at least ninety (90) days advance written notice of such change to the other Party, provided, however, that this provision shall not apply to changes necessitated by emergencies or other circumstances outside the control of the party modifying its network.

7.0 GENERAL RESPONSIBILITIES OF THE PARTIES

7.1 Each Party is individually responsible to provide facilities within its network which are necessary for routing, transporting and, consistent with Section 5, measuring and billing traffic from the other Party's network and for delivering such traffic to the other Party's network in an acceptable industry standard format, and to terminate the traffic it receives in that acceptable industry standard format to the proper address on its network. The Parties are each solely responsible for participation in and compliance with national network plans, including The National Network Security Plan and The Emergency Preparedness Plan. Neither Party shall use any service related to or use any of the Services provided in this Agreement in any manner that prevents other persons from using their service or destroys the normal quality of service to other carriers or to either Party's customers, and subject to notice and a reasonable opportunity of the offending Party to cure any violation, either Party may discontinue or refuse service if the other Party violates this provision.

7.2 Each Party is solely responsible for the services it provides to its customers and to other Telecommunications Carriers.

7.3 Each Party is responsible for managing NXX codes assigned to it.

7.4 Each Party is responsible for obtaining Local Exchange Routing Guide ("LERG") listings of the Common Language Location Identifier ("CLLI") assigned to its switches.

7.5 Each Party agrees to adhere to the blocking requirements for interconnection (P.01) as provided in Telecordia documentation GR145 - Core Compatibility for Interconnection of a Wireless Services Provider and a Local Exchange Company Network.

7.6 SS7 Out of Band Signaling (CCS/SS7) shall be the signaling of choice for interconnection trunks, where it is technically feasible for both Parties. Use of a third party provider of SS7 trunks, for connecting VZW to the HTC SS7 systems is permitted. Such connections shall meet generally accepted industry technical standards.

8.0 TERM AND TERMINATION

8.1 Subject to the provisions of Sections 13, the initial term of this Agreement shall be for two years ("Term") which shall commence on the Effective Date. This Agreement shall automatically renew for successive six-month periods, unless, not less than one hundred twenty (120) days prior to the end of the Term or any renewal term, either Party notifies the other Party of its intent to terminate this Agreement or renegotiate a new agreement. In the event of such renegotiation, this Agreement shall remain in effect until such time that a new agreement becomes effective.

8.2 The Parties agree that disputed and undisputed amounts due under this Agreement shall be handled as follows:

8.2.1 If any portion of an amount due to a Party (the "Billing Party") under this Agreement is subject to a bona fide dispute between the Parties, the Party billed (the "Non-Paying Party") shall, within thirty (30) days of its receipt of the invoice containing such disputed amount, give written notice to the Billing Party of the amounts it disputes ("Disputed Amounts") and include in such notice the specific details and reasons for disputing each item. The Non-Paying Party shall pay when due all undisputed amounts to the Billing Party. The Parties will work together in good faith to resolve issues relating to the disputed amounts. If the dispute is resolved such that payment is required, the Non-Paying Party shall pay the disputed amounts with interest at the lesser of (i) one and one-half percent (1-1/2%) per month or (ii) the highest rate of interest that may be charged under South Carolina's applicable law. In addition, the Billing Party may cease terminating traffic for the Non-Paying Party after undisputed amounts not paid become more than 90 days past due, provided the Billing Party gives an additional 30 days' written notice and opportunity to cure the default.

8.2.2 Any undisputed amounts not paid when due shall accrue interest from the date such amounts were due at the lesser of (i) one and one-half percent (1-1/2%) per month or (ii) the highest rate of interest that may be charged under South Carolina's applicable law.

8.2.3 Undisputed amounts shall be paid within thirty (30) days of receipt of invoice from the Billing Party.

8.3 Upon termination or expiration of this Agreement in accordance with this Section:

- (a) Each Party shall comply immediately with its obligations as set forth in Section 8.2 above;
- (b) Each Party shall promptly pay all undisputed amounts (including any late payment charges) owed under this Agreement; and
- (c) Each Party's indemnification obligations shall survive termination or expiration of this Agreement.

8.4 Either Party may terminate this Agreement in whole or in part in the event of a default of the other Party, provided, however, that the non-defaulting Party notifies the defaulting Party in writing of the alleged default and the defaulting Party does not correct the alleged default within thirty (30) days after receipt of written notice thereof.

9.0 CANCELLATION CHARGES

Except as provided herein, no cancellation charges shall apply.

10.0 NON-SEVERABILITY

VZW recognizes that HTC must provision facilities in order to allow for exchange of traffic under this Agreement, and agrees that compensation for establishing and provisioning these facilities is non-severable from provisioning of such facilities.

11.0 INDEMNIFICATION

11.1 Each Party (the "Indemnifying Party") shall indemnify and hold harmless the other Party ("Indemnified Party") from and against loss, cost, claim liability, damage, and expense (including reasonable attorney's fees) to customers and other third parties for:

- (1) damage to tangible personal property or for personal injury proximately caused by the negligence or willful misconduct of the Indemnifying Party, its employees, agents or contractors;
- (2) claims for libel, slander, or infringement of copyright arising from the material transmitted over the Indemnified Party's facilities arising from the Indemnifying Party's own communications or the communications of such Indemnifying Party's customers; and

- (3) claims for infringement of patents arising from combining the Indemnified Party's facilities or services with, or the using of the Indemnified Party's services or facilities in connection with, facilities of the Indemnifying Party.

Notwithstanding this indemnification provision or any other provision in the Agreement, neither Party, nor its parent, subsidiaries, affiliates, agents, servants, or employees, shall be liable to the other for Consequential Damages (as defined in Section 12.3).

11.2 The Indemnified Party will notify the Indemnifying Party promptly in writing of any claims, lawsuits, or demands by customers or other third parties for which the Indemnified Party alleges that the Indemnifying Party is responsible under this Section, and, if requested by the Indemnifying Party, will tender the defense of such claim, lawsuit or demand.

- (1) In the event the Indemnifying Party does not promptly assume or diligently pursue the defense of the tendered action, then the Indemnified Party may proceed to defend or settle said action and the Indemnifying Party shall hold harmless the Indemnified Party from any loss, cost liability, damage and expense.

- (2) In the event the Party otherwise entitled to indemnification from the other elects to decline such indemnification, then the Party making such an election may, at its own expense, assume defense and settlement of the claim, lawsuit or demand.

- (3) The Parties will cooperate in every reasonable manner with the defense or settlement of any claim, demand, or lawsuit.

12.0 LIMITATION OF LIABILITY

12.2 Except as otherwise provided in Section 11.0, no Party shall be liable to the other Party for any loss, defect or equipment failure caused by the conduct of the first Party, its agents, servants, contractors or others acting in aid or concert with that Party, except in the case of gross negligence or willful misconduct.

The Parties, however, reserve the right to seek regulatory relief and otherwise seek redress from each other regarding performance and implementation of this Agreement. Proprietary Information, if written, shall be clearly and conspicuously marked "Confidential" or "Proprietary" or other similar notice, and, if oral or visual, shall be confirmed in writing as confidential by the Disclosing Party to the Receiving Party within ten (10) days after disclosure. Unless Proprietary Information was previously known by the Receiving Party free of any obligation to keep it confidential, or has been or is subsequently made public by an act not attributable to the Receiving Party, or is explicitly agreed in writing not to be regarded as confidential, such information: (i) shall be held in confidence by each Receiving Party; (ii) shall be disclosed to only those persons who have a need for it in connection with the provision of services required to fulfill this Agreement and shall be used by those persons only for such purposes; and (iii) may be used for other purposes only upon such terms and conditions as may be mutually agreed to in advance of such use in writing by the Parties. Notwithstanding the foregoing sentence, a Receiving Party shall be entitled to disclose or provide Proprietary Information as required by any governmental authority or applicable law, upon advice of counsel, only in accordance with Section 16.5.2 of this Agreement.

To the extent a sale is claimed to be for resale tax exemption, the purchasing Party shall furnish the providing Party a proper resale tax exemption certificate as authorized or required by statute or regulation by the jurisdiction providing said resale tax exemption.
